The following issues were discussed and agreed upon in the meeting:

1) Final Exam Format: There will be 8 questions, of 15 marks each and students need to attempt 5 out of these. Each question will have at least two sub parts, and at least some of the questions will straddle across modules so that no module is completely excluded from the final exam. Most questions should be of a technical nature and essay type questions should be avoided.

2) Internal assessment: 5 marks for attendance, 10 marks for a written class test. The remaining 10 marks left to the discretion of the college (either a class test or project work).

3) Omitted sections:

3a) In module 2, exclude pages 69-89 from Chapter 4 in Jack, William 1999.

3b) In module 2, exclude Chapter 5 on Insurance from Jack, William 1999.
