The following decisions were taken :

1. Teachers should take note that there are two changes in the reading list for this year. Two compulsory readings from last year's reading list are now recommended readings.
0
2. Guidelines for paper setting remain the same as last year: the maximum marks for the final examination would be 75, with the remaining 25 marks for internal assessment. Students should be asked to answer four questions in all. The paper should be divided into two parts. Part A would have three questions of 15 marks

each, cutting across readings/sections in the reading list, of which students would be required to answer one. Part B would have six questions of 20 marks each of which students would be expected to answer any three.

Reading List

1. Colonial India: Background
