

## Course Codes for the Proposed CBCS Economics Syllabi

The course codes can be deciphered as follows:

HC = Honours core course

HE = Honours elective course

HS = Honours skill enhancement course

GE = Generic elective for other Honours programmes

PD = BA (Prog) discipline core course

PDE = BA (Prog) discipline elective course

PS = BA (Prog) skill enhancement course

PGE = BA (Prog) generic elective course

The letters are followed by two numbers. The first number refers to the semester in which the course can be taken. The second number has no particular significance and merely numbers the alternatives in the relevant category.
