2.	C. Saratchand	Satyawati (M)
3.	Nehkholen Haokip	Shyamlal (E)
4.	Navpreet Kaur	Miranda House

**Eligibility Criteria to opt this course:** Class XII

**Prerequisite to op this course:** NIL

**Learning Objectives**

The Learning Objectives of this course are as follows:

- This course investigates selected issues in industrialization and development in comparative historical perspective.
- The course focuses on a set of countries which followed diverse trajectories and patterns of growth to achieve their industrial transition and compares the outcomes of these diverse trajectories on sectoral change, intersectoral relations, labour processes and industrial relations and compares the role of the state in facilitating the respective trajectories.

**Learning outcomes**

The Learning Outcomes of this course are as follows:

- The students will be able to visualise economic development in a historical perspective and assimilate material from diverse narratives.
- It will help them to understand the diverse paths of economic development in the advanced economies.

**Scheme of Examination**

The maximum marks for the final examination would be 90, with the remaining 70 marks being allocated as follows: 30 marks for internal assessment and 40 marks for tutorials based assessment. In the final examination students should be asked to answer four questions out of eight. Questions may span across countries and units of the syllabus.
